

## SENIOR LIVING IN BAKERSFIELD

You're looking for more than a community that checks off most of your boxes. You're looking for the right fit, a community of friends that feels like your tribe. Brookdale Riverwalk in Bakersfield, California, is a CCRC (continuing care retirement community), which means you'll have independent living, assisted living, memory care, and skilled nursing all on one campus. And if you or your spouse need more care later, you can have the lifestyle you want and care to meet your needs. Here you have the freedom to experiment with new hobbies, reignite your sense of purpose and enjoy new experiences and connections with interesting new friends. Maybe you'll want to take a creative writing class or check out a gourmet cooking class. And with studios, one-bedroom and two-bedroom apartments and villas, you'll find just the home that fits your style. Plus, you can have peace of mind knowing our staff is available 24 hours a day, seven days a week, to be alerted to an emergency.

## ACTIVITIES

We can handle the chores while you focus on what you want to do. At Brookdale Riverwalk, you have so many possibilities for how to add more fun to your day. If you want to take a B-Fit class in the morning, followed by an art class in the afternoon you can. In the evening, join friends for happy hour followed by a movie night with popcorn in our on-campus theater. What about Wii bowling or volleyball? Or live music performances? It's your choice.

## DINING

Let someone else worry about the dishes and enjoy our dining program with its healthy and delicious menu choices. Our dining program is all about you and may include your feedback, your menu suggestions and your favorite recipes. And of course, in a region known as one of the largest agricultural producing areas in the world, our community would have a talented and experienced culinary team to serve up seasonal menu options and a memorable dining experience at each meal.
