ACTIVITIES

Our activity calendars are tailored to our residents' unique interests and skill levels. Flex Your Brain classes, nail and hand massages and outings to restaurants — are just a few examples of our fun and engaging activities for assisted living residents. Our memory care residents enjoy a gentle daily structure tailored to help encourage the use of their current skills with brain games, fitness activities, music programs and art classes.

DINING

With our restaurant-style dining, you can enjoy the convenience of healthy and delicious meals each day. And we'll take care of the dishes! We create memorable dining experiences with dishes prepared by a culinary team passionate about great food. Our memory care residents typically sit down to eat at the same time and in the same seat to avoid unnecessary stress or confusion and to promote as much independence as possible.
