## ACTIVITIES

On any given day, you'll see our residents cooking in the community kitchen, ribbon dancing, playing InTouch games, painting a collage and enjoying music. Or maybe you'll see them taking strolls in the courtyard, attending ice cream socials, snuggling up to a therapy pet or taking nature walks. Each of these enjoyable activities is part of a carefully designed care program to help support your loved one's current skills, improve cognitive functions and live their best life.

## DINING

Our supportive dining environment encourages familiarity and socialization during mealtime. All residents sit together at the same time and same table each day to enjoy dementia-friendly menus that include familiar and easy-to-manage selections. Small dining rooms and consistent pre-selected seating arrangements help to alleviate confusion and lower stress levels. If needed, we also offer personal dining assistance.
