ACTIVITIES

At Brookdale West Ashley, you can be involved as much or as little as you choose. Maybe you've always wanted to try Zumba, a crafting class or join a resident club. For memory care residents, The Daily Path is an evidence-based approach that offers a gentle daily structure of six programs, which work to preserve our residents' current abilities and encourage the use of their current skills. Yoga, the garden club and Bible studies are just a few of the activities available for your loved one.

DINING

Head down to the dining room for menu options that are all about you and sometimes feature your feedback and even your own family recipes. We also know people living with dementia are at a greater risk for poor nutrition and weight loss. That's why we use mealtime as an opportunity to offer healthy menu choices and create a sense of belonging. Your loved one will enjoy dementia-friendly menus with familiar and easy-to-manage selections that are appealing to the senses.
