ACTIVITIES

Our community calendar gives you endless opportunities to engage in everything from fitness classes and brain exercises to card games and resident socials to excursions to the zoo and other local destinations. For our memory care residents, we also provide a full calendar of programs, including dementia-friendly activities like gardening, discussions and cooking. Each activity is part of a carefully designed care program to help your loved one live a rich life full of meaning and purpose.

DINING

Our dining program offers personalized dining experiences where we try to customize our menu options with input from residents during our monthly menu chats. You can enjoy flavorful restaurant-style meals like baked tilapia, pineapple teriyaki chicken thighs and Polish sausage. For memory care residents, we keep mealtimes very routine to help alleviate any confusion or added stress. Your loved one will also sit with familiar people at the same time and same table each day.
