ACTIVITIES

Here, your loved one will enjoy activities that encourage social interaction and cognitive retention. They may engage in nature walks, morning fitness classes, Travel Club, arts and crafts or music therapy. They could go on a lunch outing, learn to make bird feeders or participate in a Spanish class. No matter what they do, each activity offers rewarding and challenging experiences that promote holistic health and wellness.

DINING

Our dining program is specifically designed for those living with dementia. We offer three meals daily plus snacks, and our dementia-friendly menus have a variety of options crafted to help prevent weight loss. Mealtimes are structured and routine with consistent seating and support from our loving care team, as needed, so your family member can enjoy a comfortable and fulfilling dining experience.
