ACTIVITIES

Our full and ever-changing activities calendar offers an expansive choice of enjoyable ways to spend your time, even on campus. Go for a swim in our outside pool, get competitive with rousing board games or find inspiration in Bible studies. Our memory care residents engage in such activities as karaoke, exercise classes and trivia. Each activity is part of a carefully structured care program designed to help your loved one live their best life, even when dementia is advanced.

DINING

Our dining experiences include three delicious and nutritious restaurant-style meals and snacks each day. We also try to incorporate your suggestions and family recipes into our menus. Our memory care residents also enjoy exceptional dining experiences but with a little more routine and support. To avoid any confusion or added stress, your loved one will sit with familiar people at the same time each day, and they'll benefit from dementia-friendly menus with familiar selections.
