ACTIVITIES

Each activity is an opportunity to form new connections and get together with a different friend group. Baking clubs, gardening clubs, art and fitness classes—these are all options. Our memory care residents have their own calendar of activities, each chosen to contribute in some way to a healthy, connected lifestyle. Your loved one will have chances to experience days rich in purpose and meaning through programs like B-Fit, karaoke, scenic rides and mental workouts.

DINING

We think our dining program stands out from the crowd, with chef-driven meals prepared fresh each day. And you can join our monthly menu chats to discuss what you'd like to see and eat. For memory care residents, we've designed a warm and welcoming experience where your loved one can enjoy homestyle meals. They will enjoy personal dining assistance as needed, dementia-friendly menus with familiar and easy-to-manage selections, and consistent seating.
