ACTIVITIES

This community of engaging residents enjoy a combination of group programs and quiet, individual time. Whether you spend your days socializing at happy hour, arranging flowers or joining the euchre or bridge club is up to you. Our memory care residents enjoy the same engaging lifestyle with activities like art workshops, chair dancing and reminiscing with InTouch technologies that are part of a carefully designed care program to help them flourish throughout any stage of the disease.

DINING

Our community features restaurant-style dining. We have a dining room for each level of care, plus an ice cream parlor if you're in the mood for a tasty treat. You can also reserve our private dining room for special celebrations or events. Our memory care residents benefit from dementia-friendly menus, consistent preselected seating and personal dining assistance as needed. Regardless of the care received, all residents enjoy restaurant-style service with nutritionally-balanced meals.
