## ACTIVITIES

From fitness-friendly activities to classes and groups built to exercise our minds, the activity list here is huge. Every morning starts with one of our signature B-Fit programs. Sundays are ice cream socials. Toe-tapping Tuesdays remind us all of the power of music to enrich our lives. And the list goes on. But living your best life here doesn't mean just having things to do. It means being surrounded by people just like you who are re-exploring old passions or finding new ones.

## DINING

To help ensure our memory care residents have a sufficient calorie intake, our menu includes three daily meals with entrée choices and plenty of snacks. Mealtimes are routine but your loved one's care plan is always customized. Our associates are trained to address dining challenges, such as difficulty swallowing or handling utensils. We also offer adapted recipes and specialized table settings.
