ACTIVITIES

Located near I-5 and Highway 99, our memory care community is conveniently close to Lodi with its quaint, small-town feel and local attractions. But there's also plenty happening here on campus. From baking classes to Wii bowling and morning mental workouts to sensory therapy, your loved one will have lots of opportunities to stay busy doing things that they enjoy.

DINING

To prevent unnecessary confusion or stress, we keep mealtimes consistent and routine. Everyone sits down to eat at the same time and at the same table, meals are served on colorful plates that help your family member easily distinguish their food, and our care team eagerly steps in to provide personal dining assistance to anyone who needs a little extra help. Your loved one will also receive snacks between meals to make sure they are eating a healthy and well-balanced diet each day.
