ACTIVITIES

Do you want to join the knitting club or the ancestry club? Or maybe you've always wanted to learn to draw. Now you can. How about a root beer float social or bingo? You can be as involved as much or as little as you choose. For memory care residents, the Daily Path is an evidence-based approach that offers a gentle daily structure of six planned programs per day. But structured doesn't mean boring with fun activities like karaoke, hand massages and dancing.

DINING

We strive to create a memorable dining experience with tasty meals prepared by a culinary team passionate about great food. We can also offer nutritional support and recommendations to help keep your meals healthy and delicious. For our memory care residents, we keep mealtimes routine. Our supportive dining environment encourages familiarity and socialization, with all residents sitting together at the same time and at the same table each day.
