ACTIVITIES

Go do the things you love to do with activities and programs that match our residents' skills and interests. With the chuckle club, the game club, fitness classes and veranda talks, you'll have plenty of fun activities to choose from here. Our memory care residents have an activities calendar, too, with fun programs like music trivia, sip and snack and crafting classes. We also offer InTouch at Brookdale, which brings the outside world in with an intuitively designed touch-screen computer.

DINING

Don't worry about cooking or doing the dishes. Instead, order restaurant-style meals and enjoy great conversations at your table in our elegant dining room. Our culinary team is passionate about creating exciting menus and delicious meals with fresh, seasonal ingredients. Our memory care residents enjoy exceptional dining experiences, with dementia-friendly menus and customized place settings for a more effortless dining experience.
