## ACTIVITIES

Make new friends while engaging in life-enriching activities centered around your unique hobbies and talents. We encourage activities that give our residents a chance to socialize, such as after-dinner gatherings, evening tea socials and card games in the sunroom. So whether you're gathering in the courtyard, completing an arts and crafts project or improving your physical fitness with our B-Fit exercise program, each day is filled with exciting activities and programs.

## DINING

We serve meals restaurant-style in our elegant dining room, so you can order what you want and enjoy friendly conversation. The best part is you never have to wash dishes when you're done with your meal! For memory care residents, we also use mealtime as an opportunity to offer healthy and delicious menu choices and create a sense of belonging. We support our memory care residents' interests in food by enhancing their experience with music and warm, scented hand towels.
