ACTIVITIES

Because each resident who calls Brookdale North Fremont home is a unique individual with unique interests, we design our community calendar to match the activities and hobbies they enjoy the most. Your loved one will enjoy a gentle structure of daily activities each day to stimulate the mind and encourage physical movement and social interaction. They can enjoy everything from fitness classes and nature walks to chair volleyball and painting.

DINING

A full and rich life would be incomplete without exceptionally delicious meals. From the moment your loved one enters the dining room, they will feel at ease. Everyone sits down for meals at the same time and at the same table to alleviate stress and promote familiarity. Your family member can decide what they want to eat from a dementia-friendly menu, and our care team is happy to provide dining assistance if they need a little extra support.
