

## EXCEPTIONAL SENIOR LIVING

When it comes to chores, less is more—more time for you to do what you want to do. At Brookdale North Naples, we understand that living well is part of aging well. That’s why at our luxury assisted living community in stylish Naples, Florida, we handle the cooking, cleaning, and housekeeping. Instead, you can fill your days with interesting things to do and interesting people to do them with. Just a short drive from the beach, our elegant campus features an outdoor pool, an arts and crafts studio, billiards and landscaped grounds with walking paths and a garden.

We can help you redefine your independence with support and care to help you with the little things like dressing, managing medications, or just getting out and about. And there’s the peace of mind knowing that our staff is on-site 24 hours a day, seven days a week, to be alerted to an emergency.

## ACTIVITIES

Need a little inspiration for all the fun ways you could spend your day? If you lived here, you could enjoy a Dean Martin movie night, happy hours by the pool, crafting groups or regular off-site trips for shopping. But our schedule isn't just about staying busy. It's about engaging with new and old passions, exploring hobbies, and developing relationships with your new social circle, filled with interesting seniors just like you living life to the fullest.

## ENJOY GREAT DINING EXPERIENCES

Make a light meal at home or head down to the dining room and enjoy a meal that's like going out with friends to eat at your favorite restaurant (our dining room!) every day, minus the "going out" part. Our menus are all about you and may include your menu requests, your favorite recipes and your feedback. Our culinary team creates healthy and delicious meals with seasonal menus based on fresh local ingredients when possible.
