ACTIVITIES

As one of our residents, you'll have a brand new list of activities every day. Which one is your favorite will all depend on your interests. Maybe a Wednesday poker game will catch your fancy. If you're a creative soul, it might be a cooking or crafting class. Whatever your favorite activities are, it might just be an excuse to get together with your favorite social group because you're going to be surrounded by others just like you who are living their best life too.

DINING

We believe dining well is part of living well. You'll enjoy restaurant-style dining with chef-prepared meals in our elegant, well-appointed dining room. With entrees like BBQ ribs, rosemary chicken and hot meatloaf sandwiches, you'll see that you are, indeed, living well. If you have special dietary requests, we may have an option for you. Our menus are all about you and may include your requests, your suggestions and even your family recipes.
