ACTIVITIES

Our community calendar is full of exciting activities and events, so it's never the same day twice. Resident favorites include everything from Bible studies and brain teasers to live music performances like the Sunday River Band, movie nights and happy hour socials. You can even sign up for excursions to local destinations like the Pensacola Museum of Art, National Naval Aviation Museum and the Saenger Theater.

DINING

Countless perks come from living in our energetic community, but our residents often say the dining program takes the cake. You can enjoy three healthy and delicious meals each day as well as a variety of tasty snacks. Best of all, you never have to wash dishes when the meal is over. So sit back and let someone else handle the meal planning, cooking and cleaning.
