## ACTIVITIES

Daily activities at Brookdale Portage are devised to enjoyably stimulate physical and mental workouts. These include such sports as balloon volleyball, chair yoga or cornhole, and socializing at parties, playing trivia games, reminiscing about the old days and painting. These activities are fun, and our residents love them. But each is part of a carefully designed care program to encourage your loved one and help them live their best life.

## DINING

Our unique dining program was designed to help our residents experience one of life's great pleasures — relaxing around a table and enjoying a good meal. We use mealtime as an opportunity to offer healthy menu choices and create a sense of belonging. The Clare Bridge dining program, designed by dementia care experts, culinary associates and registered dietitians, encourages your loved one to eat their freshly prepared meals as independently as possible.
