ACTIVITIES

Our memory care residents benefit from outdoor activities such as nature walks and gardening, indoor fitness classes, coffee social groups and bingo. From creative pursuits to exploring hobbies, we provide a wide range of dementia-friendly ways to stay engaged and active. And because we know how meaningful social connections are, your loved one will be paired up with a social circle of other seniors with similar skills to create a feeling of fitting in.

DINING

Enjoy three home-style meals served daily, with snacks available throughout the day. And to help alleviate confusion, we keep mealtimes routine. Your family member will sit with familiar people at the same time and at the same table each day. Our care associates are trained to address dining challenges, such as difficulty swallowing or handling utensils. We also use prompts,, adapted recipes and specialized table settings to help your loved one enjoy mealtime.
