ACTIVITIES

Shopping trips to local stores and boutiques, crafting classes or afternoon matinees are just a few ways you could spend each day. Our memory care residents receive a gentle daily structure tailored to preserve their abilities, encourage the use of their current skills and help them maintain their quality of life for as long as possible. They benefit from fun brain games, fitness activities, and outings while participating in a daily music program and arts and crafts.

DINING

Our culinary team serves three nutritious restaurant-style meals and several snacks each day, including tasty and refined dishes like baked pollock, rosemary and garlic chicken, and roast pork loin. To avoid any confusion or added stress, we keep mealtimes very routine for our memory care community. Your loved one can feel a sense of belonging as they sit with familiar people at the same time each day. We also offer personal dining assistance as needed.
