ACTIVITIES

Round up a few friends and neighbors for a little friendly competition at the game tables, try your hand at painting or go on scenic rides through Virginia's picturesque Shenandoah Valley. Our memory care residents enjoy such activities as walking, dancing, socializing at get-togethers and competing in trivia. Each of these activities is part of a carefully designed care program to help your loved one flourish and use meaningful life skills and talents—even when their dementia is advanced.

DINING

Our dining experience involves three nutritious restaurant-style meals and several snacks each day. You'll dine on such tasty and refined dishes as sautéed pork chops, honey mustard-glazed chicken thighs, and baked haddock. You can also reserve our private dining room for special celebrations with family and friends. To avoid any confusion or added stress, we keep mealtimes very routine for our memory care community with consistent seating and dementia-friendly menus.
