

## SENIOR LIVING IN TOPEKA

While dementia may bring changes, meaningful connections can still flourish. At Brookdale Topeka in Topeka, Kansas, our specially trained team creates a secure, comforting environment where your loved one can feel at home—supported by purposeful programming that nurtures a sense of belonging.

- One-on-one relationships can help increase familiarity and encourage more comfort.
- Helping those with dementia stay connected to their identity is at the heart of what we do.
- A trained team member is on-site 24/7 to respond in the event of an emergency.

## ACTIVITIES

Successful memory care programs start with engagement. This means we provide easy ways for your family member to stay engaged in their own lives. We offer daily activities that aren't just dementia-friendly but are specifically chosen to help our seniors live life well. From creative pursuits like art classes and music programs to B-Fit fitness classes and nature walks, we help our seniors connect with their individuality and find daily moments of joy.

## DINING

We've designed a warm and rewarding nutritional experience that goes beyond flavorful flare to give your family member the dignity and independence they deserve. By offering dementia-friendly menus, personal dining assistance as needed, and a supportive environment that encourages familiarity and socialization, your loved one can stay fully engaged in the dining process and preserve their use of utensils for as long as possible.
