ACTIVITIES

Our residents spend time gardening and walking in secure outdoor spaces, and they enjoy indoor activities like brain games, dancing, crafting classes and music programs. You'll also see our residents engaged in seated yoga, the cooking club, movement therapy, socializing at get-togethers, or playing trivia games. Each of these activities is part of a carefully designed care program to help your family member live their best life and preserve their independence.

DINING

People living with Alzheimer's or dementia may be at a greater risk for poor nutrition and weight loss. That's why we use mealtime as an opportunity to offer healthy menu choices and create a sense of belonging for your loved one. With our award-winning Clare Bridge dining program, your family member can enjoy dementia-friendly menus with familiar and easy-to-manage selections, small dining rooms with consistent pre-selected seating and personal dining assistance as needed.
