ACTIVITIES

You could start your morning with coffee chats before joining a B-Fit fitness class. Maybe you've always wanted to join a club—we have a men's club, book club, garden club and Rummikub club. Or how about a game night or happy hour? You decide. Our memory care residents enjoy equally fulfilling activities through our daily path of engagement. These structured activities come with fun options, too, including chair yoga, the baking club and karaoke, just to name a few.

DINING

You'll enjoy restaurant-style dining in our elegant dining room, where our menu options are all about you. We also have a private dining room you can reserve for special celebrations with family and friends. Did you know people living with dementia are at a greater risk for poor nutrition and weight loss? That's why we use mealtime as an opportunity to offer healthy, dementia-friendly menu choices and create a sense of belonging for our memory care residents.
