## ACTIVITIES

On any given day, you'll see our residents engaged in such sports as balloon volleyball or kickball, socializing at parties and other get-togethers, reminiscing about the old days and enjoying music. Maybe you'll find them playing cards, getting coffee with a friend or tending to their garden in our secure outdoor courtyard. Each of these activities is part of a carefully designed care program to help your family member live their best life and preserve their independence.

## DINING

Three home-style meals and delicious snacks are served daily in our dining area. To help alleviate any confusion or added stress, we keep mealtimes very routine for your loved one. All residents sit together at the same time and same table each day. We also customize place settings for each resident for an easier dining experience, and we can quickly convert meals to hand-held for those who prefer walking or standing rather than sitting.
